2016 to address the students on the topic “Recent Trends in Commerce & Management Education”.

Sir started his session by discussing the importance of education, and various avenues in commerce and management. He then shifted his focus on management education the need and its importance. He said that rapid trend of globalization and technological changes have made it difficult for organizations to survive in the competitive world.

As a result the importance of management education has been increased many folds. He also said that Business executives need to update their skills due to sudden changes in the external environment. Due to the increasingly complex nature of organization and businesses, there is a need that the business schools impart relevant, current, and cutting edge knowledge to the students.

He then concluded that given the significance of management education which is essential for today’s organizations, the business and education industry should play pivotal role in equipping our future managers with the emerging trends of management skills to face the challenges of dynamic business world.
