Nigdi, pune-44

Respected Sir/Madam,

I feel so privileged and extremely contended, happy and simultaneously I feel proud in penning down words completely from my heart that you and your prestigious college were committed to your word of bringing your students for the event and only because of this we could start a Big MOVEMENT WORLDWIDE LIVE for Breast Cancer Awareness and simultaneously your students followed instruction BRILLIANTLY and so we OYE FOUNDATION could achieve in creating History in India for creating Two Guinness Word Records both for Breast Cancer.

You and your college have guided your students to the peak. Hope this support continues with us long terms to bring a BIG CHANGE in the society together we shall achieve.

Thanking you,

Love & Regards

Simran Jethwani
