**Certification Course for Finance**

The dynamism in job market highly evident with the skill sets are been asked by organization at the time of recruitment. Even the same is applicable for finance specialization students. Though the finance is treated as rule and regulation based stream. The changes in the recent past in finance towards development of financial modeling at its applicability to almost all the sectors / organizations. The institute has taken this into consideration the demand from job market and to bridge this gap this year institute introduced two certification courses for finance specialization students. This will ensure to enhance employability skills of finance specialization students in near future. And the same will provide better opportunities in job market.

The certification program was coordinated by Dr. Bhushan Pardeshi and Prof. Anishkumar Karia. The certification program was conducted from December 13 – December 27, 2018 by Addskill strainers and consultants. Total 18 students have participated in this certification program. The course duration was for 52 hours. The first course "Financial Modeling and Valuation Analysis" was conducted from December 13 – December 23, 2018 and the second course "Merger and Acquisition Modeling" was conducted from December 24 – December 27, 2018.

Throughout the certification program duration students were regularly evaluated through presentations, assignments and financial model development. The final evaluation was conducted through test and financial model development on January 9, 2019 and all the 18 students were successful and completed the course.
