Brief Information of the Event:-

SBPIM organized a guest lecture on “**Production Planning and Control**” on 17/08/2021, Tuesday. Prof. Sarang Dani was a B.E. graduate after finishing diploma in Mechanical Engineering. He also completed MBA & Ph.D. (Pursuing). He is working as Assistant Professor in Operations and Supply Chain Management at S.P.Mandali's Prin. N.G.Naralkar Institute of Career Development and Research. Skilled in Supply Chain Management, Operations Management, Total Quality Management, Market Research, Entrepreneurship Development. Trained over 500+ student managers (now successful professionals) and always keen to impart skills to ensure professional as well as personal growth of the disciple.

The presentation focused on Production Planning and Control: Basic Production Planning and Control - Physical Flow of the Product - Ola Factory of the Future - Discussion about ola factory TOC in Manufacturing – Manufacturing Workflow - Inventory Buffers - Forecasting in Manufacturing- Forecasting Time Horizon - Sources of Data -Types of Forecasting - Planning Hierarchy in Operations - Capacity Planning - Aggregate Production Planning - Need for Aggregate Production Planning - Alternatives to Manage Supply- Master Production Schedule Product Structure- MRP-Digital flow of Material as an Input - Little's Law - Types of Production Firms-Production Control - Gantt Chart - Careers in SCM-Job Roles and Skills. He nurtured the importance of operations management, business analytics and its influences on SCM process of business firms.

The webinar was to enhance the student's academic learning and to make them understand the real-life examples of Ola electric scooter how procurement activities take place in any multinational organization and corporate world to add more values in supply chain in order to create more customer value as it is said that if the procurement can be done in an efficient way in terms of quality, performance, timely delivery of accurate items in accurate quantity it helps to bring the product in customers hand on time and as per requirement which is the key to enhance customer value.

Prof. Sarang Dani delivered an informative speech and shared his valuable expertise on this subject matter focusing issues such as proper planning and execution is required in every step of supply chain. At the end, the session was opened for students to ask questions. The question-and-answer session indicated that the webinar was effective and fruitful for the students, it showed that the topic was interesting to them because of its relevancy with OSCM. The guest speaker appreciated students for their interactive participation.

Earlier the programmed commenced with welcome address by Dr.Kajal Maheshwari and student coordinator Ms. Vaishnavi Gupta of MBA 1st Year introduced the chief guest and also proposed the vote of thanks.
