It is important for students to know the opportunities available in starting up a business area especially in the current changing business environment at domestic and global level.

Firstly, Mr. Sanket stated our guest’s favourite quote which is - there is opportunities in everything, which one to take and which one not to, makes a deal and she also shared her journey that how she started her business.

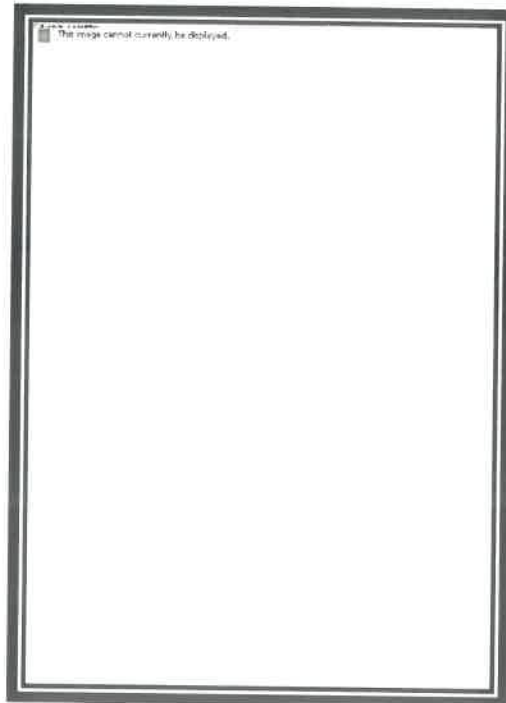

She also mentioned how she got the idea for her business over a casual dinner with friends and today the idea over a dinner is a big achievement.

She suggested students regarding start-up that students should look for need in the field. Doing research is the best way to get a real sense what the world is all about. Also, she mentioned that students should grab the chance to show their talent and skills.
