Brief Information of the Event: -

PCET's SBPIM places significant emphasis on providing practical learning experiences to its students. In line with this philosophy, an Industrial Visit was organized for MBA students on 6th July 2022 to KNORR-BREMSE India Pvt Ltd located in Pune. KNORR-BREMSE is renowned globally as a leading manufacturer of braking systems and supplier of additional sub-systems for rail and commercial vehicles, headquartered in Munich.

Objectives:

The primary objective of the industrial visit was to offer students a firsthand experience of industrial operations and practices. By immersing themselves in a real-world setting, students could gain insights into various aspects of business and engineering management. Specific objectives included:

- Understanding the application of theoretical concepts in practical scenarios.
- Observing and learning about industrial working methods, including practices such as 5S, Kaizen, PokaYoke, and Quality Policy.
- Providing exposure to real-life examples of business and engineering management.

Visit Highlights:

The visit proved to be immensely beneficial for the participating students. Through interactive sessions and observation of operations at KNORR-BREMSE, they gained practical insights into various aspects of industrial management. Key highlights of the visit include:

Interactive Learning: Students actively engaged with professionals at KNORR-BREMSE, facilitating a dynamic exchange of ideas and experiences. This interaction allowed students to grasp the nuances of industrial practices and management principles.

Exposure to Best Practices: Students had the opportunity to familiarize themselves with industry-leading practices such as 5S, Kaizen, PokaYoke, and Quality Policy. Observing these practices in action provided invaluable insights into their implementation and significance in enhancing operational efficiency.

Real-Life Examples: The visit provided students with firsthand exposure to real-life examples of business and engineering management. By witnessing the operations and decision-making processes at KNORR-BREMSE, students gained a deeper understanding of the complexities involved in industrial management.

Dr. Anurdha Phadnis and Dr. Kajal Maheshwari served as the faculty coordinators for the industrial visit. They were instrumental in organizing and overseeing the visit, ensuring its smooth execution and maximizing the learning outcomes for students. Additionally, faculties Dr. Pranita Burbure and Dr. Amarish Padma accompanied the students during the visit, providing guidance and support throughout the experience.

The Industrial Visit to KNORR-BREMSE India Pvt Ltd proved to be an enriching experience for the MBA students of PCET's SBPIM. By witnessing firsthand the application of theoretical concepts in a practical setting, students gained valuable insights into industrial management practices. The visit not only enhanced their understanding of business and engineering management but also instilled in them a deeper appreciation for the complexities of the industrial landscape.

Name of the Student Coordinator: - **Gaurav Sasturkar**

Number of Students Participated: - **20**

Number of Staff Participated: - **02**

Brief Information of the Event: -

The PCET's S.B. Patil Institute of Management has organized an Industry Visit for MBA II year students to Minda Industries - Sensor Division located in Chakan, Pune. Minda Industries is a renowned name in the automotive industry, particularly known for its innovative sensor technologies.

The primary objective of the Industry Visit was to provide students with practical exposure to industrial operations and management practices. The visit aimed to achieve the following objectives:

- To familiarize students with the functioning of a modern manufacturing facility.
- To expose students to the latest technologies and processes employed in the automotive sensor industry.
- To facilitate interaction between students and industry professionals to enhance learning.

Visit Highlights:

The Industry Visit to Minda Industries - Sensor Division proved to be a highly enriching experience for the participating students. Some of the key highlights include:

Warm Hospitality: The authority and management team of Minda Industries welcomed our students with open arms. Their humility, cooperation, and dedication towards addressing student queries contributed significantly to the overall success of the visit.

Comprehensive Facility Tour: Students were given a comprehensive tour of the manufacturing facility, where they witnessed firsthand the various stages of sensor production. This practical exposure enabled students to understand the intricacies of modern manufacturing processes.

Insightful Interactions: Throughout the visit, students had the opportunity to engage in meaningful discussions with industry professionals. The professionals generously shared their knowledge and insights, addressing students' queries and providing valuable industry perspectives.

Technological Showcase: Students were exposed to the latest sensor technologies employed by Minda Industries. Witnessing these cutting-edge technologies in action sparked curiosity among students and broadened their understanding of technological advancements in the automotive sector.

We extend our sincere appreciation to Minda Industries for hosting us and making the visit both knowledgeable and interesting for our students.

Number of Students Participated: - **25**

Number of Staff Participated: - **02**

Brief Information of the Event: -

PCET SBPIM organized an Industrial Visit for MBA students to Bharat Forge Ltd. on 27th July 2022. Bharat Forge Ltd. is a leading global provider of innovative solutions in metal forging and machining. The visit aimed to provide students with insights into the diverse operations and functioning of Bharat Forge Ltd.

Objectives:

The primary objectives of the Industrial Visit to Bharat Forge Ltd. were as follows:

- To acquaint students with the practical applications of theoretical concepts in the field of metal forging and machining.
- To provide students with a comprehensive understanding of the various operations and processes involved in the manufacturing industry.
- To facilitate interaction between students and industry professionals to gain insights into industry best practices and trends.

Visit Highlights:

The Industrial Visit to Bharat Forge Ltd. proved to be an enlightening experience for the MBA students. Some of the key highlights of the visit include:

Comprehensive Facility Tour: Students were given a guided tour of Bharat Forge Ltd.'s manufacturing facilities, where they observed various operations such as forging, machining, heat treatment, and quality control. The tour provided students with a firsthand glimpse into the intricacies of industrial processes.

Practical Learning Opportunities: Throughout the visit, students had the opportunity to witness the practical application of concepts learned in the classroom. They gained insights into the technologies and methodologies employed by Bharat Forge Ltd. to optimize production efficiency and product quality.

Interaction with Industry Experts: Students engaged in interactive sessions with industry experts and professionals from Bharat Forge Ltd. They had the chance to discuss industry trends, challenges, and emerging technologies, gaining valuable perspectives from seasoned professionals.

Exposure to Innovation: Students were exposed to the culture of innovation and continuous improvement fostered at Bharat Forge Ltd. They learned about the company's initiatives in research and development, as well as its commitment to sustainability and environmental stewardship.

Conclusion:

The Industrial Visit to Bharat Forge Ltd. provided MBA students with invaluable insights into the operations and functioning of a leading player in the manufacturing industry. Students gained practical knowledge and exposure to real-world industrial practices, which will undoubtedly complement their academic learning.

We extend our sincere gratitude to Bharat Forge Ltd. for hosting us and providing our students with a memorable and enriching learning experience.

Brief Information of the Event:-

PCET' S SBPIM has organised an industrial Visit Elpro City Square Mall, Chinchwad Pune for the students of MBA-I & II year on December 22, 2022. It is latest entertainment and lifestyle destination. Located in the heart of PCMC, it is designed as a mixed use family destination offering several unique destinations.

We would like to thank Mr. Deepak Kumar, Managing Director at Elpro International Limited – India and Mr. Nishant Kansal DGM - Leasing and Marketing - Elpro international ltd, Mr. Sunil Bhojak (AGM Operations – Elpro City Square for giving insightful interaction and allowed SBPIM students to have experiential learning at Elpro.

The industrial visit began with a brief presentation by Mr. Deepak Kumar, Managing Director at Elpro International Limited - India. Post his presentation Mr. Nishant Kansal, DGM - Leasing and Marketing - Elpro international ltd. interacted with the students and answered their queries regarding HR, Marketing; Operations aspects of the retail.

The students were then taken to the mall visit and explained the Strategic Retail Planning Process for Higher Efficiency. Students were amazed how Mr. Deepak Kumar is taking care of employees, helping to achieve sales goals, assist with maintaining customer satisfaction, oversee the daily activities of the retail outlet etc.

On a whole, it was an exemplary experience that the students were exposed to and will savor the learning for a long time. This was indeed a very interactive industrial visit which widened the thinking horizon of each and every student on the future possibilities of upcoming opportunities that is revolutionizing the Retail Sector.
