Name of Guest Speaker: - Dr. Vidhi Bhanushali, Co-Founder, DentalDost

Name of the Faculty Coordinator: - Dr. Amarish Padma

Name of the Student Coordinator: - Ms. Harshada Pawar

Number of Students Participated: - 71

Brief Information of the Event: -

A session on “How Technology is Changing the Dental Industry” was conducted under the guidance of Dr. Amarish Padma to make students familiar about technological advancements in the field of medical science.

The session was hosted by Ms. Harshada Pawar from 2nd Year MBA who introduced the topic of the session & gave brief introduction of the guest speaker Dr. Vidhi Bhanushali.

Dr. Bhanushali shared some interesting incidents from her student life. She briefly talked about her experience of working as a dental surgeon. The lack of proper dental care services for the underserved people was her motivation behind founding of the DentalDost. She explained in depth about the current health care situation in India with special reference to oral health. Audience were dumbstruck after knowing about everyone’s negligence towards their oral health.

The various challenges faced by her and her co-founders were shared by her. She then went on to explain the current services provided by her firm. The technologies deployed by her organisation were explained by her. The role and importance of the technology in DentalDost’s operations were highlighted by her. She also gave the information about their application, which helps the patients to check their oral health just by using their smartphone’s camera.

After that she shared some tips to maintain the oral hygiene. She then shared a lot of interesting information about our health and hygiene. The audience were amazed by a lot of interesting facts shared by her. In the subsequent Q & A session, Dr. Bhanushali answered the lot of interesting questions about her medical as well as entrepreneurial journey. The session was wrapped up after the vote of thanks presented by Ms. Harshada Pawar.
