Brief Information of the Event:-

PCET's SBPIM has Language Lab software from Globarena Technologies Private Limited in Computer Lab-2 for MBA – I and II year students. The software aims to enhance students' English language proficiency through various exercises and modules. It emphasizes pronunciation styles, practical training, and the importance of English in technical environments. Students benefit from interview preparation, conversation practice; and discussion training. The software offers a user-friendly interface and personalized feedback for improved learning outcomes. It includes multimedia resources such as audio clips and videos to enrich the learning experience. Students have shown increased confidence and proficiency in English since the implementation. Ongoing support and training for students and faculty are recommended for sustained effectiveness. Further enhancements and module expansions are suggested for diverse learning needs. The acquisition of the Language Lab

software has significantly contributed to students' linguistic competence and overall learning experience.
