UPSC Pathshala, India's leading online preparation portal for the Civil Services Exam, has launched a new initiative, Utkarsh.

Utkarsh is a collective dream shared by not just us at UPSC Pathshala, but by various thinkers, intellectuals and common people alike. The dream is to make sure that the best of the talent becomes a Civil Servant and contributes in the policy making and day to day administration of the country.

It has been observed that many times due to some constraints the best talent in colleges, who might be most suitable for a life in Civil Services, do not opt for preparation of this examination. This results in a suboptimal career satisfaction for them due to a poor fit and in a loss of valuable human resources for the country.

To bridge this gap, which leads to a lose-lose situation for everyone, we would like to introduce Utkarsh. It is an initiative to groom the best talent for a career in Civil Services. It will involve not just preparing the student academically but also in terms of personality and temperament to become his/her best version for the examination.

Mr. Rahul Saraf guided students criteria's to be considered for selecting career in Government Sector.
