30/1/2023

Dear Mr. Shyam,

I am writing this letter in support to the funding for the Vendor development project for our organisation.

Our organisation has to gain a competitive advantage in the manufacturing base business to large scale in domestic as well as overseas market. Many companies currently rely on local vendor for the smooth availability of raw material without bottleneck.

We are highly required your support in the said project and we are funding Rs. 28,000/- (Rs. Twenty eight thousand).

Entering this research project will provide to company's efforts to save their factories and keep manufacturing jobs hassle free.

Sincerely,

Uttam Telge

Chairman
