

PCET'S

S. B. Patil Institute of Management

Certification Course in Leadership and Team Building

2019-20

Coverage of Topics (6 hours each)

- Delve deep into the various categories of teams present in modern workplaces, ranging from cross-functional teams to autonomous workgroups.
- Discover the tangible and intangible benefits of effective teamwork.
- Equip yourself with strategies to gauge your team's current resources, identify gaps, and mobilize resources effectively.
- Understand the science and art behind selecting team members, setting team norms, and designing roles that cater to individual strengths.
- Go beyond traditional icebreakers. Engage in activities backed by science and real-world testing to strengthen bonds, encourage communication, and resolve conflicts.
- Understand how to foster trust, ensure communication, and develop leaders in a virtual environment.
