

# Screen Shot of Course Networking in Google Cloud: Defining and Implementing Networks by Coursera

The screenshot shows the top section of a Coursera course page. At the top left is the Coursera logo and an 'Explore' dropdown menu. A search bar contains the text 'What do you want to learn?'. To the right are links for 'Online Degrees', 'Find your New Career', a language selector set to 'English', a notification bell, and a user profile icon. Below the navigation is a breadcrumb trail: 'Browse > Information Technology > Networking'. The main content area features the Google Cloud logo, the course title 'Networking in Google Cloud: Defining and Implementing Networks', and a sub-header 'This course is part of multiple programs. Learn more'. It also indicates the course is 'Taught in English' and lists the instructor as 'Google Cloud Training'. A blue 'Enroll' button is prominent, with 'Starts May 21' and 'Financial aid available' text below it. At the bottom of this section, it states '35,654 already enrolled'. On the right side, a white box titled 'Course' provides a summary: 'Gain insight into a topic and learn the fundamentals', a rating of '4.8 ★ (1,554 reviews) | 95%' thumbs up, 'Intermediate level' with 'Some related experience required', '7 hours (approximately)', and 'Flexible schedule' with 'Learn at your own pace'. A link 'View course modules' is at the bottom of this box.

## There are 6 modules in this course

This self-paced training course gives participants broad study of networking options on Google Cloud. Through recorded lectures, demonstrations, and hands-on labs, participants explore and deploy Google Cloud networking technologies, such as Google Cloud Virtual Private Cloud (VPC) networks, subnets and firewalls. The course also covers access control to networks, sharing networks and load balancing.

<b>Module 0: Welcome to Networking in Google Cloud: Defining and Implementing Networks</b> Module 1 • 7 minutes to complete	▼
<b>Google Cloud VPC Networking Fundamentals</b> Module 2 • 2 hours to complete	▼
<b>Controlling Access to VPC Networks</b> Module 3 • 1 hour to complete	▼
<b>Sharing Networks across Projects</b> Module 4 • 1 hour to complete	▼
<b>Load Balancing</b> Module 5 • 3 hours to complete	▼
<b>Course Resources</b> Module 6 • 10 minutes to complete	▼

The instructor profile section is titled 'Instructor' and shows 'Instructor ratings' of '4.8 ★ (340 ratings)'. Below this is the instructor's name 'Google Cloud Training' with a profile picture icon, and their affiliation 'Google Cloud' with '6,523 Courses • 2,557,824 learners'. Underneath, it says 'Offered by' followed by the 'Google Cloud' logo and a 'Learn more' link.
