

Jio Institute & AICTE Joint International DL Workshop-2022: 25-29 April 2022

International Workshop on Designing Digitally Robust Research Libraries for the 21st Century

Pre-Workshop Orientation : 21 April 2022

Dr. M.G. Sreekumar
Director, Libraries; Jio Institute

Tips on Group Presentation Topics - General

The Digital Library of the Future - Michael Keller and Tom Cramer

Trends in Digital Library Development

- Building research libraries never stops, whether traditional or digital
- Subject specialists, curators, along with technical specialists needed
- Advanced digital libraries support formal/informal instruction & research
 - Reducing friction in access to e-reserves & supplementary knowledge
 - Making sharing analysis & commentary possible (annotations)
 - Bringing digitized assets to the world from isolated & distant LAMs
 - Acquiring data sets and analytical applications to entire universities
 - Presenting local findings via digital exhibits with narratives
 - Promoting collaboration on widening access to collections, developing apps
 - Supporting life-long learning for individuals, communities, companies, families
 - Providing wider, deeper repertory of content in usable & flexible forms
